CAMYAPI was established in Istanbul at the end of 1999 to produce architectural glass in 800 m² indoor area by 12 persons.

Following our establishment, at the beginning of 2000, Isıcam became the Industrialist Dealer of Şişecam as Authorized Producer. Since its foundation in Turkey, Turkey Sisecam Factory has taken place in the top three among nearly 150 dealers of Insulating Glass Joint Stock Company in the authorized manufacturer of the sort.

As of today, our company has reached a turnover of 30 million dollars with approximately 250 persons and has started to produce in 20.000 m² closed area for the new production processes and machine park requirements in Gebze Machinery Specialized Industrial Zone.

Continuing to grow, CAMYAPI has never compromised its goal of delivering fast, affordable and high-quality products to its customers on time.

In this context, in cooperation with the leading companies in the world, has realized the goals of becoming a pioneer and leader company. It will continue to invest in the future to continue this mission
